

GILLIAN BOWMAN, CID, NCIDQ, ASID Interior Designer

An up-and-coming designer quickly making her mark, Gillian delivers exactly what clients are looking for: intuitive, beautiful design alongside an exceptional client experience. With effortless charm and wit, she is able to pinpoint what a space needs so its users feel comfortable, welcome, and energized, ultimately creating brand-conscious workspaces, student lounges, brewery tasting rooms, and more for Fortune 500 and boutique clients alike. For Gillian, the design process is an adventure, one full of scouting salvage shops and sourcing local artists to create custom murals. She's a talented photographer who dabbles in woodworking, and when she's not at her desk sketching out an idea, you'll find her exploring Richmond with her dog Toby.
